Mr. Maurice Gould

Dear Maury:

I do hope that you and Jean had a most enjoyable trip to Israel. I do want to thank you for the stone taken from the church where Jesus was buried and I am going to have it embedded in plastic and will put it in Philip's collection.

Enclosed is a little token of our appreciation, and before anybody gets the wrong idea, you might tell John Miles that we are not in competition with the 99-Company. One hundred of these National Coin Week postcards were prepared and were distributed right here in Colorado Springs. Number 1 went to the ANA Library and number 2 to the National Coin Week chairman. Number 3 is being sent with my compliments.

Sincerely,

EDWARD C. ROCHETTE
